HIGHLIGHTS

Good infrastructure facilities | Quality education | Best-in-class library | Best-in-class library | Digital library with online learning resources | Hostel facility | Health care & wellness centre | Indoor & Outdoor sports | Clubs & Societies | Placement training | Good placements.

REASONS TO JOIN NSRIET

Visionary Management

The visionary management, who has successfully overseen other engineering institutions viz. Nadimpalli Satyanarayana Raju Institute of Technology (Autonomous), an autonomous institution, for the past two decades, is now in charge of running the Institution with great success.

01

Best-in-class human resources

The Institution is being acquired by a team of highly qualified and experienced faculty members who have the ability to foster holistic growth among learners, equipping them to compete effectively within their peer group

02

Best infrastructure & placement training

The Institution has a strong focus on enhancing the skills of students and attracting highly talented individuals for a promising future in their professional careers. It aims to improve infrastructure facilities to support their growth. Additionally, it now provides B. Tech. programs that encompass modern skills and knowledge.

03

Conducive Academic Eco-system

NSRIET is very much focussed fostering a conducive learning environment & promoting academic excellence. It encompasses various elements that work together to support and enhance the educational experience of students. One of the key aspects of a good academic ecosystem is quality faculty. Knowledgeable and experienced teachers who are passionate about their subjects can inspire and motivate students to achieve their full potential and NSRIET is very much focussed on this.

04

Our institution is committed to provide quality education enabling the graduates to become responsible citizens of our country

**Shri. N. Satyanarayana Raju,
Chairman**
